

---

**COMMITMENT FOR THE COMPLIANCE OF COMMUNICATION  
DOCUMENTS ACCORDING TO THE NATURAL AND ORGANIC  
COSMETICS ECOCERT STANDARD AND/OR THE ORGANIC AND  
NATURAL COSMETICS COSMOS STANDARD**

---

Company Name: .....

**Scope**

This commitment concerns all communication documents referring to Ecocert and/or to the certification by Ecocert for external custom (TV / radio / press advertisements, websites, samples labels, displays, catalogues, point of sale adverts, notes ...).

**Application Conditions**

➤ **Presentation/description of Ecocert and/or the certification by Ecocert in communication documents**

If they exist, any text describing the Ecocert company and/or the certification by Ecocert must be provided with this commitment through a draft or a communication document.

These texts have to be validated by Ecocert before use.

A validated draft can be used, totally or partially, in a communication document without any further submission and validation.

➤ **Communication on certified products**

Communication documents referring to certified products do not have to be submitted for validation.

However, you commit yourself to comply with the following rules:

- Conformity of the name or designation of the product (TS005(GC-COS))
- Conformity of the claims referring to NATURAL or ORGANIC (TS005(GC-COS))
- Compliance of communication documents with validated labels and particularly compliance of:
  - The statements referring to the certification (references to the certification body, % of ingredients of natural origin and coming from organic farming) (TS005(GC-COS))
  - The INCI list and claims referring to organic ingredients (TS005(GC-COS))
  - The Ecocert logo graphic charter (TS006(GC)) and the Labelling Guide for the certification under the Cosmos standard

Some of the communication documents concerned by this commitment could be selected during the inspection for validation by your certification officer.

Websites/catalogues will not be validated entirely. Only some product pages and pages referring to Ecocert and/or the certification by Ecocert will be validated.

If, following the inspection, a communication document is not complying, the corrected version should be submitted and validated before any new printing/publishing.

By signing this document, you commit yourself to comply with the notified rules, and with all the community and local provisions governing the advertisement for cosmetic products.
