

Questionnaire for cleaning products checking according to COSMOS standard and Ecocert Greenlife standards for Ecoproducts (cosmetic, detergent and home perfume)

This questionnaire must be completed and signed by the manufacturer of the cleaning product; information given is under his own responsibility.

A TDS and a MSDS must be joined to this questionnaire for its study.

If data are confidential, the questionnaire can be sent directly to the Ecocert Greenlife certification officer who is dealing with your client. Proprietary information will be guaranteed.

COMMERCIAL NAME:

I – General information about your company and your product:

1. Cleaning product manufacturer:

Company name:

Address :

Country:

Telephone:

Email:

Fax:

2. Supplier/Distributor, if different:

Company name:

Address:

Country:

Telephone:

Email:

Fax:

3. Function:

II – Product labellisation:

Do your product has a label? Yes No

If yes, which one?:

III - Composition of your product:

1. Composition:

What is the composition of your product (according to the regulation EC N°648/2004)?:

2. Prohibited ingredients:

Do your product contain:

- formol? Yes No
- Products based on genetically modified microorganisms (enzymes, bacteria)? Yes No
- Products based on chlorine or chlorine derived? Yes No
- Ammonium-based products? Yes No
- EDTA? Yes No
- Products based on phosphates? Yes No
- Products based on phosphonates? Yes No

If Yes, precise their function:

3. Surfactants:

Do your product contain surfactants? Yes No

If Yes, which ones? (chemical name):

What is their molecular weight? (in g/mol)

Have they a plant origin? Yes No

Is their aquatic toxicity low (EC50 or IC50 or LC50 > 10 mg/l or an equivalent test)? Yes No

Is their primary biodegradability fast and complete ultimate (OECD 301 > 70% in 28 days)? (according to the regulation EC N°648/2004) Yes No

Do your product contain ethoxylated surfactant? Yes No

If Yes, which ones? (chemical name):

How many ethoxylate contain each surfactant?

What is the percentage of ethoxylated surfactants on the total of surfactants of your formula?

4. Disinfectant ingredients:

Do your product contain disinfectant ingredients? (as authorized in the Biocide Product regulation CE/528/2012)?

Yes No

if Yes, which ones?:

If you use ethanol as a disinfectant ingredient or for an other function, precise its origin: Plant origin Synthetic origin

5. Environnement:

Do the ingredients of your product present environmental risk sentences?

Yes No

IV – Additional information for the COSMOS standard only:

Could you declare all the ingredients of your product in the following board:

Ingredient (chemical name or INCI)	Origin (vegetal, synthetic...)	Manufacturing process

I undersigned, _____, representing the company, _____, declare that the information given in this questionnaire is correct.

Issued in _____, on the _____.

Obligatory signature (preceded by the mention « read and approved »)
