

LABELLING GUIDE FOR GOTS CERTIFIED PRODUCTS

This guide sets the requirements for the use of the registered trademark 'Global Organic Textile Standard' (GOTS logo) in order to ensure correct and consistent application on products as well as in advertisements, catalogues or other publications. You could find the Global Organic Textile Standard (GOTS) and the Labelling Guide on the web site <http://www.global-standard.org>.

I. LABELLING GUIDE FOR CERTIFIED GOODS¹

I. « Organic textile »* labelling rules

* In case of fibres in conversion to organic farming indicate "organic - in conversion"

For customer, one of the following labels must be used when 95% or more of the fabric content is certified organic origin or from « in conversion » period, as specified in chapter 2.2 of the standard GOTS.

<p><u>With Ecocert logo :</u></p> <p>GLOBAL ORGANIC TEXTILE STANDARD</p> <p>'Organic' certified by Ecocert Greenlife</p>  <p>Licence no & company name**</p>	<p><u>With GOTS logo :</u></p>  <p>'Organic' certified by Ecocert Greenlife</p> <p>Licence no & company name**</p>
<p><u>With GOTS and Ecocert logos</u></p>  <p>'Organic' certified by Ecocert Greenlife</p>  <p>Licence no & company name**</p>	<p><u>Without logo :</u></p> <p>'GLOBAL ORGANIC TEXTILE STANDARD' or 'GOTS'</p> <p>'Organic' Certified by Ecocert Greenlife</p> <p>Licence no & company name**</p>

¹ The labelling requirements describes in this guide, may be amended according to the french legislation on products labels or on certification, or according to the interpretation by the administrative or judicial authorities.

Add this sentence:

« **100% of fibre comes from organic agriculture** », or indicate the exact composition percentage of organic fibre material if it is between 95 and 100%.

II. « Made with X% organic materials » labelling rules

** In case of fibres in conversion to organic farming indicate “Made with X% organic - in conversion materials”*

For customer, one of the following label must be used when more than 70%, and less than 95% of the fabric content must be certified organic origin or from ‘in conversion’ period, as specified in the chapter 2.2 of the standard GOTS.

<p><u>With Ecocert logo :</u></p> <p>GLOBAL ORGANIC TEXTILE STANDARD</p> <p>‘Made with [X]% organic materials’ certified by Ecocert Greenlife</p>  <p>Licence no & company name**</p>	<p><u>With GOTS logo :</u></p>  <p>‘Made with [X]% organic materials’ certified by Ecocert Greenlife</p> <p>Licence no & company name**</p>
<p><u>With GOTS and Ecocert logos :</u></p>  <p>‘Made with [X]% organic materials’ certified by Ecocert Greenlife</p>  <p>Licence no & company name**</p>	<p><u>Without logo :</u></p> <p>‘GLOBAL ORGANIC TEXTILE STANDARD’ or ‘GOTS’</p> <p>‘Made with [X]% organic materials’ certified by Ecocert Greenlife</p> <p>Licence no & company name**</p>

* X: indicating the exact composition percentage of organic fibre material (between 70 and 95%).

III. Combined products labelling rules

Combined product: textile fiber components of a consumer product which is not normally classified as a textile product (such as prams with textile fabrics, bassinets, car seats or furniture with textile fabric upholstery) may also be certified and labelled appropriately ensuring no ambiguity about which component of the entire product is certified

a. « Organic textile »*

* In case of fibres in conversion to organic farming indicate "organic - in conversion"

<p style="text-align: center;"><u>Combined product</u> <u>With Ecocert logo :</u></p> <p>[Name of component <i>ex. Car seat</i>] certified to GOTS</p> <p style="text-align: center;">‘GLOBAL ORGANIC TEXTILE STANDARD’ or ‘GOTS’</p> <p style="text-align: center;">‘Organic’ certified by Ecocert Greenlife</p>  <p style="text-align: center;">Licence no & company name**</p>	<p style="text-align: center;"><u>Combined product</u> <u>With GOTS logo :</u></p> <p>[Name of component <i>ex. Car seat</i>] certified to GOTS</p>  <p style="text-align: center;">‘Organic’ certified by Ecocert Greenlife</p> <p style="text-align: center;">Licence no & company name**</p>
<p style="text-align: center;"><u>Combined product</u> <u>With GOTS and Ecocert logos :</u></p> <p>[Name of component <i>ex. Car seat</i>] certified to GOTS</p>  <p style="text-align: center;">‘Organic’ certified by Ecocert Greenlife</p>  <p style="text-align: center;">Licence no & company name**</p>	<p style="text-align: center;"><u>Combined product</u> <u>Without logos :</u></p> <p>[Name of component <i>ex. Car seat</i>] certified to GOTS</p> <p style="text-align: center;">‘GLOBAL ORGANIC TEXTILE STANDARD’ or ‘GOTS’</p> <p style="text-align: center;">‘Organic’ certified by Ecocert Greenlife</p> <p style="text-align: center;">Licence no & company name**</p>

Add this sentence :

« **100% of fibre comes from organic agriculture** », or indicate the exact composition percentage of organic fibre material if it is between 95 and 100%.

b. « Made with X% organic materials » *

* In case of fibres in conversion to organic farming indicate "Made with X% organic - in conversion materials"

<p><u>Combined product</u> <u>With Ecocert logo :</u></p> <p>[Name of component <i>ex. Car seat</i>] certified to GOTS</p> <p>'GLOBAL ORGANIC TEXTILE STANDARD' or 'GOTS'</p> <p>'Made with [X]% organic materials' certified by Ecocert Greenlife</p>  <p>Licence no & company name**</p>	<p><u>Combined product</u> <u>With GOTS logo :</u></p> <p>[Name of component <i>ex. Car seat</i>] certified to GOTS</p>  <p>'Made with [X]% organic materials' certified by Ecocert Greenlife</p> <p>Licence no & company name**</p>
<p><u>Combined product</u> <u>With GOTS and Ecocert logos :</u></p> <p>[Name of component <i>ex. Car seat</i>] certified to GOTS</p>  <p>'Made with [X]% organic materials' certified by Ecocert Greenlife</p>  <p>Licence no & company name**</p>	<p><u>Combined product</u> <u>Without logos :</u></p> <p>[Name of component <i>ex. Car seat</i>] certified to GOTS</p> <p>'GLOBAL ORGANIC TEXTILE STANDARD' or 'GOTS'</p> <p>'Made with [X]% organic materials' certified by Ecocert Greenlife</p> <p>Licence no & company name**</p>

X : indicating the exact composition percentage of organic fibre material (between 70 and 95%).

**We allow to not precise the company name for products sales outside France. But it is client responsibility to be in compliance with applicable regulations in countries where organic products are sold.

II. SPECIFICATION FOR THE USE OF THE ECOCERT LOGO

Refer to the document TS06(GT) - RULES OF USE MARKS AND LOGOS ECOCERT - GLOBAL ORGANIC TEXTILE STANDARD who is an integral part of the present guide.

III. Approval

Any document (labels, web site, advertisements or anything else) bearing the logo must be approved by Ecocert prior to any diffusion by using F408.

Please note that our validation only concerns GOTS and/or ECOCERT mentions. GOTS requirements regarding labelling and packaging do not prevail on applicable regulation in countries where organic products are sold.
